LUNCH 'UNDER THE OLIVE GROVE'

Lunch 'Under the Olive Grove' – 'Rucak ispod Masline'

Olives are the most common and most important fruit of Croatia. Olive trees supplied the local people with everything they needed: wood for timber and firewood, leaves for animal feed, fruit to eat and oil for food, medicine and lamps. In every Croatian kitchen, olive oil is used to transform simple fresh produce into wonderfully delicious food.

The Croatian Sports Centre's Olive Grove was planted back in 2000 by the members of the Croatian Sport Centre and since then, it has ripened into a beautiful olive grove. Each year members, young and old gather to harvest the olives which is then produced into olive oil.

The Long Table luncheon will be held under the Olive Grove and will showcase our proud Croatian and South Australian produce and wine. Guests will dine with Australian and Croatian dignitaries as well as our sponsors whilst listening to live Croatian music.
